Manager Submits New City Budget

A budget of $558,385 was submitted by city manager Paul Davis to Canyon City Commissioners Monday night.

Davis said total budget expenditures, including principal and interest payments on general obligation and revenue bonds, would total the $550,000-plus figure, with the exception of the $36,500 projected cost for the April 2 general obligation bond issue should the issue carry.

"This total expenditure future shows," Davis noted, "substantial increases over the current year in order to meet the needs of our growing city. Salary imcreases, street improvements and capital outlay replacements account for the major increases."

Last year the city had expenditures of $469,363 and the budget was $526,782 in 1966.

When estimating collections of 95 per cent for the 1968-1969 fiscal year on a tax levy of $267,012 the estimated collections are $253,661 which is $13,351 less than is needed, Davis explained.

"This figure," he continued, "is anticipated to be balanced by applying $8,000 of the anticipated delinquent collections and $5,351 out of the city's reserve account which should not place any noticeable constrictions on the city's financial condition."

Revenues are anticipated to reach $585,276 as compared to 1967-1968 estimated receipts of $532,830 or approximately a ten per cent increase. Estimates of revenues are based

Schools Will Close Friday

Canyon Public Schools will be closed Friday while teachers attend a District IX meeting of the Texas State Teacher's Association in Amarillo.

Classes will resume Monday morning. Next official holiday for school students will be the Easter vacation.

TSTA will have a banquet meeting for the house of delegates tonight, Thursday, at Caprock High School cafeteria in Amarillo. The first general session Friday morning will be held at the Amarillo Municipal Auditorium. The afternoon sessions Friday will be devoted to subject area conferences.

Christopher Hat Tossed In Ring

A West Texas State University associate professor of government will face a Canyon realtor in a race for place three on the City Commission here April 6.

George Ritter, the incumbent, will meet Jim Christopher, owner of Christopher Real Estate, in the April 2 elections at which time bond issues totaling $440,000 will also be on the ballot.

Running unopposed in the election will be Mayor Paul Lindsey, farmer-rancher, and H. R. Fulton, Jr., Canyon florist, place two.

The incumbent for place three was born in Kansas City, Missouri and attended public schools at Joplin.

He received a BA and MA degree in government from the University of Arkansas and has worked toward completion of his doctorate at the University of Missouri.

A former instructor in government at the University of Missouri, Ritter came to WTSU in 1957. He has also been a government instructor at the University of Arkansas.

Ritter, who has served for several years as secretary of the Canyon Kiwanis Club, has assisted both Little League and Babe Ruth baseball teams with playing field maintenance and umpiring duties.

Clifford Appeal Is Denied

The Texas Court of Criminal Appeals this week denied William Bond Clifford, Canyon, his last appeal on an assault with intent to murder case.

Clifford appealed a 12-year sentence given him in the 69th District Court in Hereford in February of last year and has been free on $10,000 appeal bond.

Clifford was convicted of shooting Billy Joe Stevens six times at a Hereford feedlot where Stevens was employed The shooting took place April 8, 1966 a few minutes after Clifford's estranged wife was shot to death in her apartment here in Canyon.

Now let's talk this thing over. Houston's Elvin Hayes is shown here during the West Texas State-Houston game lobbying for two points made and not counted as officials Allen Winters and Joe Shosid called a technical foul on Buff Coach Dennis Walling (center). The technical was called on Walling after the WT coach protested the failure of officials to call a goal tending infraction against Houston.

1945 Statute Is Unconstitutional

It is not a violation of the law for county employes to electioneer for their boss during office hours.

So says the Texas attorney gereral's office in a ruling handed down this week to Randall County Criminal District Attorney George Dowlen.

Dowlen asked the state's attorney general for the ruling after County Commissioner Bill Butler, a Republican, complained to commissioners court that employes in the court house annex tax office in Amarillo had been electioneering for Randall County Tax Assessor-Collector Bill Money, a Democrat.

Dowlen had cited a 1945 law passed by the legislature making it illegal for county officers to permit county property or labor to be used for private profit.

Attorney General Crawford Martin's office said the law was ruled unconstitutional a few months after its passage because at the time the legislature voted on the bill the caption on the bill supplied the legislators was different than the caption on the bill itself. The then attorney general, Grover Sellers, ruled that this discrepancy might have prevented the legislators knowing the contents of the bill on which they voted.

Butler had charged that tax office employes had handed out book matches and fingernail emery boards asking people "to vote for our boss because he's a real nice guy."

Tuesday Money said matches carrying his campaign advertising will continue to be available at the county tax offices.

"I have asked my help not to comment," Money declared.

Money is opposed in the general election by Republican Mrs. Audrey Bruse of Amarillo. Mrs. Bruse ran Democrat Mrs. Ruth Hill a close race for the office of county treasurer two years ago.

Girl Cage Team In Regional

Canyon High School's girls basketball squad will leave here at 12:30 p.m. Saturday for their 7:30 p.m. regional game with Stephenville to be played at Snyder.

Johnny McBroom, president of the Canyon High Booster Club, said anyone interested could meet at the high school to help escort the team out of the city.

A bus, carrying about 35 CHS students, will leave here at 1:30 p.m. for the 180-mile trip to Snyder.

Coach Bob Schneider's team, that is to compete for regional honors after standing 19-11 for the season, will be escorted from the city by local law enforcement officers, McBroom said.

While the Stephenville high scorer, Nita Stevens, stands 5'9" and averages 13.5 points per game, Canyon's Pam Richardson has a 21 point average, followed by Susan Swatzell with 17 and Jan Sternenberg with 11.

Winners of the CHS-Stephenville game will advance to the state tournament March 14-16 in Austin.

Lt. Gov. Preston Smith is shown here chatting with Coed Doris Jefferies of Olton as Smith stopped in Canyon for an address in behalf of his candidacy for governor. Smith spoke to a group of Canyon civic and business leaders Monday noon at a luncheon in the West Texas State University East Cafeteria Gold Room.

Smith Favors Separate Board For West Texas

Lt. Gov. Preston Smith Monday told some 40 Canyon businessmen, civic leaders and West Texas State University faculty members he would favor a separate board of regents for West Texas State.

Smith, who is a candidate for governor, delivered a campaign speech at a luncheon in the university's East Cafeteria Gold Room.

Smith noted that a bill to give West Texas State a separate board was passed through the Senate twice and was vetoed by Governor John Conally.

"I think there ought to be a separate board for this university," he said. "I think it would be a great help."

Asked whether a separate board of regents for West Texas State would be in accord with the coordinating board for higher education set up by Connally, Smith replied, "I'm not necessarily concerned about that."

"I think West Texas State ought to have it."

Smith minimized his disagreements with both Connally and Senator Grady Hazlewood of Canyon.

"Senator Hazlewood has done an outstanding job," Smith declared. "He was unhappy with me for some work we've done. I'm at a loss to know why. He has that right as an American."

Hazlewood appeared indeed unhappy with the lieutenant governor, presiding officer of the Texas Senate, at the close of the legislative session last year. Hazlewood announced at that time he would not seek re-election if Smith were to be returned to office.

The lieutenant governor said he has had some disagreements

Sewerage Plant Said Inadequate

Canyon's sewerage treatment plant is grossly inadequate to meet the needs of a growing population, a survey by City Engineer Bill McMorries of Amarillo, indicates.

Canyon residents will be asked to vote a total of $212,000 in bonds April 2 for expansion of the sewerage treatment plant. Also to be considered will be bond issues on storm sewer and garbage collection land and devices.

Almost all the present sewerage treatment facilities are far below what is presently

COG Pondered At City Meet

Formulation of a Panhandle Regional Planning Commission and proposed by laws for the organization was discussed by four governmental agencies here Friday but no decision was reached.

Randall and Potter County commissioners and Amarillo and Canyon city councils met in 47th District Courtroom to discuss the Council of Government approach to regional planning but took no action.

Following discussion by representatives of the four commissions, which included the suggestion that the planning organization be composed of all members of the groups, one proponent and several opponents of the plan voiced their opinions.

"The whole implication here is cohersion", declared Canyon author J. Evetts Haley. Pointing to the law establishing a regional approach to planning, Haley said the "key word is "improve"--that means you can do something about it. You've got the power to plan the use of land in Randall County."

Haley continued by declaring the proposed by laws were "milktoast" compared to those offered when the four governmental agencies met earlier

Rainbows Fry Fish Saturday

An annual "fish fry" sponsored by the Canyon Order of the Rainbow for Girls will be held Saturday at the Rex Reeves Elementary School cafeteria.

Serving hours will be from 5-8 p.m. Tickets are $1.50 per plate and are available from members of the group.

Proceeds from the annual project will be used to finance a summer trip for Canyon's Rainbows to the state assembly sessions.

Six Seeking Board Post

Six men including three incumbents are seeking three places on the Canyon school board in the April 6 election.

Jerry LaGrone, Wesley Cox and Joe Gill are seeking reelection while newcomers include John Albers, Dick Flenniken and Glenn Dorris.

Albers is a farmer who lives 5 1/2 miles east of Canyon. He is the father of eight children. Albers was a candidate for school board last year polling 230 votes and running third in a field of six candidates. Only two trustees were elected last year.

Flenniken is in the aircraft sales business at Tradewind Airport in Amarillo. He and his family live 2 miles northwest of Canyon where their home has been for the past three years. Flenniken has been active in youth work in this area for many years.

by Troy Martin FROM THE CANYON RIM

The Amarillo metropolitan area needs a zoning commission.

I would not like to see Potter and Randall County governments enter into any pact which would abdicate more responsibility and power to Austin and Washington. However, planning for the growth of our metropolitan area is a must.

We are inviting trouble if we allow it to develop higgly-piggly. Everyone who knows me is aware that I am convinced of the sanctity of private ownership.

But it must be plain that in a heavily populated area, a man owes some consideration to the welfare of his neighbors. To disregard this social responsibility is to invade the property rights of the neighbors.

If all men could be trusted to consider those about them, there would be no need for planning commissions. There would scarcely be a need for any government at all.

The proposed Council of Governments may not be the answer. I am certain that it needs further study. If we do not go the COG route, we must take some other avenue for planning the development of the area.

The best way to head off state and federal control is to take action on a local level. Lack of action at home would leave a vacuum which certainly would be filled by Austin or Washington bureaucrats.

* * *

I'm tired of seeing conservatism carrying the tag of reaction. If conservatives are to remain meaningful in the political arena in this country, they must come up with some meaningful answers to problems facing the nation. This is the year. Now is the time.

America has four major problems.

Foreign policy is number one. We must find some way to contain and push back communism without wasting so much of our treasure that we have nothing left for meeting our domestic responsibilities.

I think the only way to do this is to fight to win wherever the enemy confronts us with force of arms.

Two major problems are tied together. These are education and poverty. We must press forward in the field of education for therein lies the hope for the future.

The founding fathers recog- that only an educated people could remain free.

We must be alert for new methods in education just as we are in industry.

We can't completely whip poverty because some people just won't work. We can create a society in which there is work for all who want to work.

Handing out welfare checks without something in return, only aggravates poverty. Any able bodied person who draws welfare should do something for his check if it's nothing but sweeping the street or picking up paper in the park.

A lot of fun was poked at the WPA in the 1930's but the American people are still enjoying some of the fruits of WPA labor. For instance, some of the roads in Palo Duro State Park were built by the WPA. A man who works for his food may eat it in dignity. A man who lives by charity and gives nothing is left with nothing of value to give. Chances are good that he will not even give his loyalty to the society upon whose bounty he lives.

The purpose of education is to bring people face to face with the truth. If we could only isolate one generation of Americans and convince them that nothing is free, we would have won the battle.

We can do a lot to eradicate slums just by teaching people to clean up their houses. Rat control is as simple as keeping a lid on the garbage can.

People make slums. We can't solve the slum problem by building new housing areas and moving slum dwellers in for gratis. If we do this we'll only be changing the location of the slums.

If there is an answer, it lies in the children. Somehow we must reach them with the healing balm of education. We must convince them that this is their country too.

I don't know how this is going to be done. I only know that it must be done if this country is going to survive.

In the meantime, rioting and lawlessness must be met with whatever force needed to contain them.

Our fourth great problem is water and conservation. We have in our hands the power to divert rivers, stem floods and make a garden out of this wonderful land of ours.

At our present rate of production, this country can't feed itself 20 years from now. Our leaders must think now of our needs a score of years hence.

No, I don't look on conservatism a method for making this country a happy hunting ground for a select few who have gotten their hands on all the money in the world. Conservatives can solve this country's problems without taxing its citizens to the point of confiscation.

Bold new ideas will be required if this is to be accomplished. We have a choice. We can come up with those ideas or we can sit in the seat of reaction and allow this country to be engulfed by welfare state socialism.

Letter To The Editor

Ross Griffin
Dear Editor:

To me God stands for the Bible. In the Bible he tries to teach us his word. God means that he loves his people. He proved this by sending his only begatted son, Jesus Christ, to die on the cross for us. To me God is the only real person because he has power of giving life, taking life, and the power of givig everlasting life. God means heavan, without it we would all have very big crimes. Then we could not be saved, and everyone of us would go straight to hell!!! But God loves us and wants us to be with him. So with his hand he can reach down and take us with him or send us to hell. Just like that! God wants us to be with him and he wants us to teach his word. The thing that God wants of all is for his children, the children of God to be with him for always and always. I know that God does not want man to make any kind of transplants. The reson why I know this is because I have studyed the human life and I know when something allien gets in the body, that the other parts of this body is going to fight against it. If you could take two bodies, wich each one has the same blood type and everything, it still would not work, except God All Mighty could if he wanted man to do it.

God means happyness, and saddness. He can make one person very happy, while make someone in the same family very sad. He can do this by taking this persons life and give that person everlasting life, while someone else sad by taking this persons life. But, the very sad can know that someday that person will see his lost one.

God also means strength and weakness. He can give someone strength when this person lost someone.

God means secrurity, without it, we would not have hope to going to heavan.

God means that someday that he will take me. And I'll be the happiest person on the face of earth knowing that someday he will come for me. I know that he will come because he knows that I will have done my share for mankind.

God means trust and faith without it you have to hope to going to Heavan. You can preach, teach, and give all the word of God you want, but if you don't trust him or have faith in him, he has no choice but sending you to hell!

God is believeing. All you have to do is to believe, have trust and faith in him and some day you will see all you want.

Mighty Houston Rips Buffaloes 107-76

Elvin "Big E" Hayes pumped in 39 points Monday night in the Fieldhouse to lead the nation's No. 1-ranked University of Houston Cougars to a 107-76 basketball victory over WTSU Buffs before 3,200 screaming fans.

The ballgame was halted mid-way in the second half after an argument over a goaltending infraction which was not called led to a technical foul against Buff Coach Walling.

Fans threw ice on the floor and officials threatened to forefeit the game to Houston. Coach Walling took a microphone and persuaded the crowd to stop throwing ice.

The UH victory brought the Cougars to a perfect 28-0 season. The Cougars will advance against the University of Chicago in the NCAA play-offs next week. It will be the sixth time in eight years for Houston to be invited to a post-season tournament.

Leading the recuperating Buffs was Simmie Hill, Midland, Pa., junior and honorable mention all-American on three teams, with 25 points. Hill established a new WTSU individual record for one season with a 32-point outburst in the Buffs' 100-92 loss to University of Texas at Arlington Friday night. He now has 573 points. The old record was set by Price Brookfield at 520 points in the 1941-42 season.

The Cougars, hitting the 100-point plus mark for the 10th consecutive game, led 51-38 by halftime with Hayes contributing 21 of the points.

George Raynold scored 19 for the Cougars, Ken Spain 17, Don Chaney 9, Carlos Bell 6 and Vern Lewis 3, during the game.

Helping out Buffs' Simmie Hill was 6-3 Mike Mitchell, scoring 22 total points during the game. Mitchell did exceptionally well during the first half of the game but slowed during the second half.

Gale Rhine scored 15, Mo Savage 6, David Nowlin 4 and Rickey Bacon 4 for the Buffs.

The Cougars bested the Buffs earlier in the season in Houston with a 98-53 victory. Simmie scored but 19 points against Houston in the last outing while Hayes poured in 31.

During the past season and Monday night's game the Buff fans saw a great improvement of the team. With new coach Dennis Walling and his assistant Les Pollock, the Buffs made a great approach to improve last year's disastrous 1-18 record.

David Nowlin, 6-5 Breckenridge product, is the only senior who will be lost by graduation. All other Buffs will be back next season.

Looking back during the past basketball season it may be easily said that WTSU Buffs have undergone a "face lifting."

West Texas State made 60 rebounds which was 10 more than any team collected against Houston previously this year. The 28 field goals surpassed by nine their previous effort against Houston.

Buff freshmen closed out their season Monday night also with a 68-62 victory over Clarendon Junior College.

Pratt Lyons, fast-rising Buff star led WTSU with 27 points while Bill Brookfield made 19 and John Sorrell with 10.

Despite a 57.1 field goal percentage, the Buffs lost to the University of Texas at Arlington 100-92 there last Friday night.

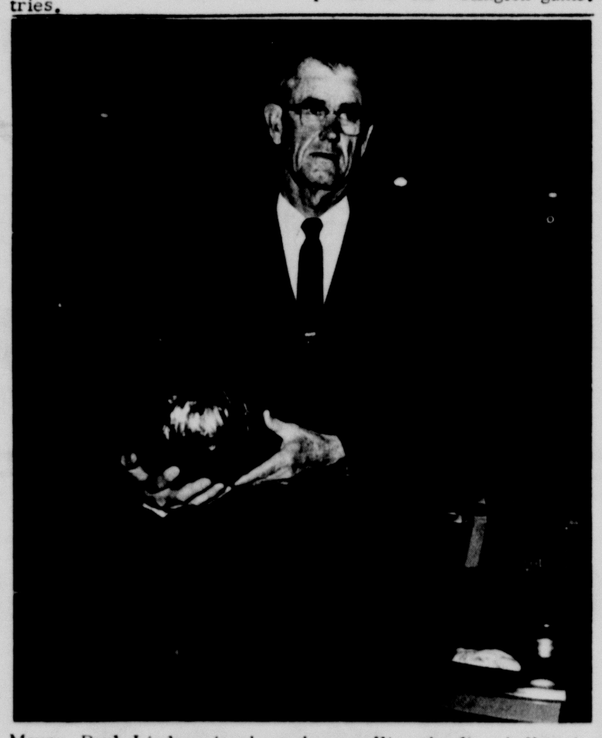

The Buffaloes sank 40 of 70 field goals but scored only 12 free throws out of 23 trips to the charity line. Arlington made 34 of 76 from the floor but scored 32 of 36 free throw tries.

The score was tied twice in the game and after UTA's David Wallenman sank a 10-footer for a 10-8 Arlington lead. The Herd never regained the lead. Arlington led 56-43 at halftime.

West Texas vainly attempted to close the gap 69-62 with 13:03 on the clock but couldn't come any closer.

Arlington out-rebounded the Buffs with 51 while West Texas accounted for only 41. The Buffs couldn't seem to keep the ball, committing 25 turnovers to Arlington's 17. Walleman led Arlington with 16 rebounds while David Nowlin led the Buff defensive attack with 11 rebounds.

It was Nowlin again and Gale Rhine who backed up Hill with 18 points each. Hill scored 32 points in the Arlington game.

Mayor Paul Lindsey is shown here rolling the first ball in the annual Canyon City Men's Bowling Association Tournament now in progress at Canyon Bowl. Results of the tournament will be announced next week.

City Bowlers In Tournament

The first annual City Bowling Tournament, sponsored by the Canyon Men's Bowling Association, got underway last week end at Canyon Bowl, according to Burwell Southern, CMBA president.

Final bowling competition will be held this week end at the Canyon Bowl.

Results of the first rounds are:

All-Events--Lynn Crabtree, 1874.

JC Group At Event

A delegation from the Canyon Jaycees and Jaycee-Ettes attended installation banquet rites at Panhandle Saturday night.

Representing the local club were Mr. and Mrs. Charles Marshall, Mr. and Mrs. Jim Scott, Mr. and Mrs. Weyman Brown and Delbert Turk.

Mr. and Mrs. Ross Yarbrough of Amarillo, formerly of Canyon, attended the event with the local group.

Solo-Ensemble Meet Saturday

About 90 Canyon band students will be involved in solo-ensemble contests for Region I of the University Interscholastic League, North Zone, Saturday at West Texas State University.

Donald Baird of WT is the contest director. A large number of area schools will participate.

Gary Zook, band director a Canyon High School, plans on about 40 students from CHS being involved in the contests.

From Canyon Junior High School, about 50 students will be participating according to Edra Hudson.

Orchestra Plays For Rex Reeves

West Texas State University Orchestra will present an assembly concert for fourth, fifth and sixth grade students at Rex Reeves Elementary School today, Thursday, at 2 p.m. in the all-purpose room.

Directed by Brian Walton, the concert is sponsored by the cultural arts committee of the Rex Reeves Parent-Teacher Association.

Booklets featuring pictures and stories of the various instrument families (strings, woodwinds, brasses and percussion) have been prepared by student teachers. These booklets will be presented the students along with a biographical sketch of Mozart, maps, and main themes of the symphony.

The concert will be a culminating project for a unit study on instruments of the symphony orchestra. The special school study has been conducted by Jan Word, Karen Breitling and Grace Williams under the guidance of Donna Wilson, music teacher at Rex Reeves.

Student teachers have helped the children prepare bulletin boards on the various families of musical instruments as well as teaching songs about instruments and folk instruments used to accompany folk songs from various countries. A variety of rhythm activities have included several folk games in the special teaching experiment.

Locals Sign Greek Bids

Two Canyon students and one from Happy have signed Greek groups at West Texas State University as spring pledges.

Shari Kerbel is a pledge for Chi Omega social sorority.

Signing a bid for Lambda Chi Alpha was Charlie Don Howard, Canyon, and Bob Robinson of Happy signed for Phi Delta Theta fraternity.

Students Qualify For Solo-Ensemble

Nineteen students from Canyon High School received first division of superior ratings in Class I for the University Interscholastic League solo and ensemble competition Saturday at West Texas State University.

The rating qualified the students for state competition in Austin during June.

Selected for state were soloists including Alicia Boone, Karla Jordan, Mary Fisher, Buddy Roland, Hal Owen and Ric Wilson; a quartet of Terry Landrum, Gary Moore, Larry Daniel and Jerry Landrum; and a madrigal ensemble of Mary Starnes, Alicia Boone, Mary Fisher, Davida Lindley, Beverly Brown, Allen Hicks, Ric Wilson, Tom Callarman and Hal Owen.

Superior ratings or first division in Class II went to Betty Burgdorf, soloist; trio of Kay Nester, Armetha Lindley and Sheryl Pittard; and a madrigal ensemble of Karla Jordan, Marjorie Miller, Armetha Lindley, Meoldy Jones, Buddy Roland, Mike Shapley, Barry Cox and Terry Landrum.

Receiving second division or excellent rating in Class I but not eligible for state were soloists, Mary Starnes, Marjorie Miller, Shelly Taylor, Davida Lindley, Gary Moore, and Barry Cox.

Second division in Class II went to soloists, Mike Shapley and David Haimes; a trio of Cindy Stoker, Kaye Story and Jan Patton; a trio of Molly Malone, Sharon Philley and Melba Kelly; and a madrigal group of Shelly Taylor, Lynda Jackson, Jerry Landrum, Alfred Bednorz, Darlene Williams, Melba Kelly, Tony Gibson and David Graham.

Eleven Canyon High School students received a good rating or third division on soloes and two ensemble groups. One CHS student received a fourth division.

Competition was judged by Gene Medley, choir director for Lubbock High School.

BuffsName Opponent Quintet

All-American Elvin Hayes of Houston and Colorado State's Floyd Kerr were unanimous choices on West Texas State's first all-opponent basketball team selected by the Buff players and coaches Tuesday afternoon. Also named to the starting all-opponent five were Lloyd Kerr, Floyd's twin brother, New Mexico's Ron Nelson and New Mexico State's Sam Lacey.

Collectively, this quintet scored 209 points in nine games against the Buffs for an average of 23.2 points a game. The Buff all-opponents sank 78 of 152 field goal attempts for a .513 average and cashed in on 52 of 70 free throw attempts for a .743 conversion percentage.

Although Hayes and Floyd Kerr were both unanimous all-opponent choices, it was "Big E" that did the most single damage to the Buffs. In two games, Hayes scored 70 points for a 35-point average and pulled in 34 rebounds for an average of 17 per contest. Hayes 39 points registered against West Texas March 4 was the most points scored by an individual against the Buffs this season.

West Texas also selected a second all-opponent team. This quintet consisted of Nate Archibald and Willie Worsley of University of Texas at El Paso; Don Chaney of Houston; Rob Evans of New Mexico State and Abilene Christian College's John Ray Godfrey.

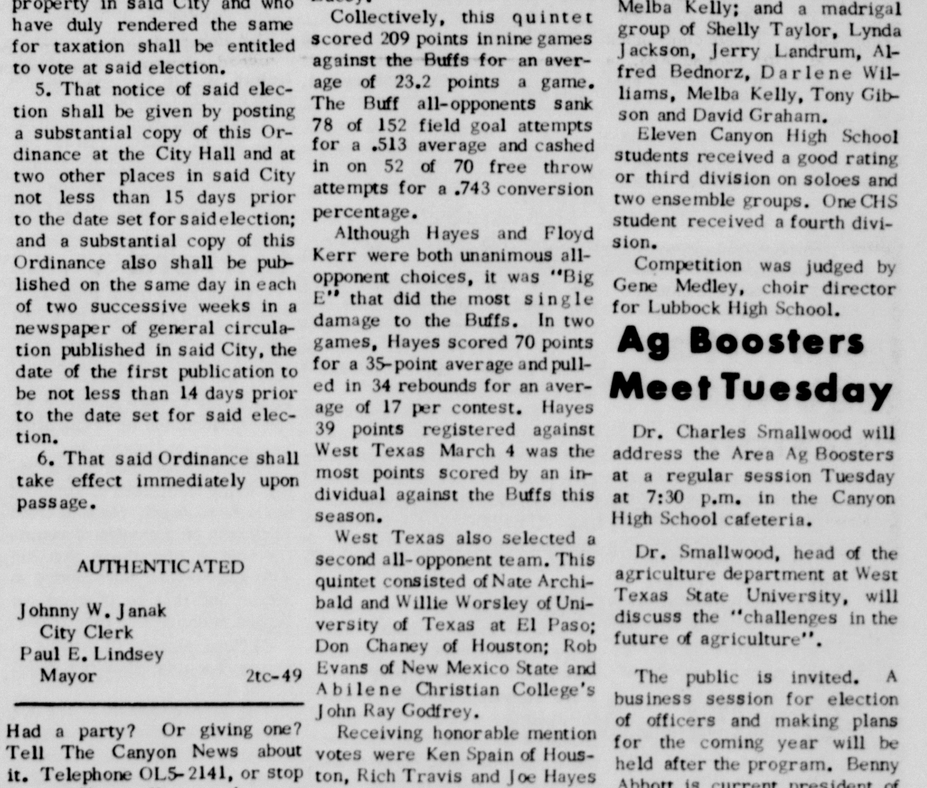

Receiving honorable mention votes were Ken Spain of Houston, Rich Travis and Joe Hayes of Oklahoma City and New Mexico State's Jimmy Collins.

Ag Boosters Meet Tuesday

Dr. Charles Smallwood will address the Area Ag Boosters at a regular session Tuesday at 7:30 p.m. in the Canyon High School cafeteria.

Dr. Smallwood, head of the agriculture department at West Texas State University, will discuss the "challenges in the future of agriculture".

The public is invited. A business session for election of officers and making plans for the coming year will be held after the program. Benny Abbott is current president of the boosters.

CHI OMEGA sorority spring pledges include, front row, from left, Beverly Wallace of Amarillo; Shary Kerbel of Canyon; Dinah Hodel of Lockney; and Francys Ballenger of Midland. Back row, from left, Connie Atwater of Midland; Sandee Sewell of Lubbock; Sue Frazier of Muleshoe; Trudy Jarrett of Lockney; Chris Anderson of Midland; Frances Neil of Tulia; and Gayle Moss of Dumas.

Officers In Raid On Party

Four Randall County deputies raided a party just outside Amarillo's City Limits Saturday evening and have charged five of the youngsters involved with illegal consumption of an alcoholic beverage.

The raid, staged with the assistance of two agents from the Texas Liquor Control Board, was made at "The Happening", a teenage night spot three miles south of Amarillo on Washington Street.

Three of the monors charged were fined $25 each in Randall County Justice of the Peace courts and one received a fine of $50.

The officers, including deputies Crosby Hammons, Dan Carter, Recil Johnson and Dick Burchfield and LCB officers Keith DeShane and Charlie Partridge, confiscated eleven 15 and one-half-gallon-gallon kegs of beer, one 7.75-gallon keg, four beer dispensers and two fifths of whiskey.

Local officers are questioning one adult who is suspected of having purchased the beer from an Amarillo wholesale distributor. No charges, however, have been filed.

The moneymaking scheme, local officers said, including selling couples more than 150 tickets at prices ranging from $6 to $7 each.

Officers said the promoters apparently told the youths the dance had been sanctioned by the LCB and local deputies and was to be a private party.

"The kids did not even put down their beer when the agents walked in," one deputy explained. "They thought the agents were just there to keep order."

The adult being questioned and two minors reportedly ordered the beer under the name of a social fraternity at Amarillo Junior College, of which none were members.

Officers from both law enforcement agencies, who had been tipped of the party and arrived about 11 p.m., said no search warrant was required since the sale of tickets at the door made the activity a public gathering. Tickets to several Amarillo students in high school were reportedly sold prior to the dance.

Officers said none of the members of the band playing at the function could remember who had employed them and none of the youths present could remember where they purchased their tickets or from whom.

Only those who had a container of alcoholic beverage in their hand when officers staged the raid could be charged with consumption.

Court Has Routine Session

Randall County commissioners court Monday conducted only routine business at a regular session presided over by County Judge Carroll Brown.

Commissioners accepted a 5-year bond as a guarantee that Datamedia Corporation will be able to supply spare parts for punch-card voting machines which the county proposes to purchase from that firm.

The company originally was to have supplied a 15-year bond but was unable to find a bonding company willing to underwrite such a long-term bond. The 5-year bond was accepted with the understanding that it would be continued for a total of 15 years from date of purchase of the machines.

Commissioners voted to continue its support as a sponsoring agency for the Potter-Randall Community Action Corporation. The corporation deals in rehabilitation and has headquarters in Amarillo.

Southwestern Public Service Company's proposal to cut the monthly cost of $5.25 a month for each of four mercury lamps on the court house square to $5. a month received prompt approval from the court.

Veterans Service Officer Rhea Smith reported by letter to the court that he had assisted in securing $2,425,209 for veterans and their dependents in Randall County during the past year.

The court gave Criminal District Attorney George Dowlen permission to attend a district attorneys' convention in El Paso March 7-9 and appointed Dee and Oth Miller of Amarillo to act in his place during his absence. The Millers will receive only one salary for their services.

The court voted to purchase without having advertised for bids dockets for the county's two justice courts.

Schools Add 8

Eight beginning first grade students for the fall of 1968 have been added to the list by school officials this week.

Added have been Kenet Baker, Robert Boss, Bruce Bradsher, James Collins, Kenneth Knott, Brandt Lacey, Ricky O'Donald and Timmy Pristash. These eight students will all be first graders at Rex Reeves Elementary School this fall, bringing total beginners for the school to 123 on the census count.

No additions were recorded for the Gene Howe Elementary School, which had a census count of 43 last week.

Rex Reeves has a current enrollment of 168 first grade students and 46 students attend Gene Howe in the first grade. Comparing figures show a decline of 3 students at Gene Howe and 45 at Rex Reeves.

Parents with students who have not been named on the lists of beginning first graders should contact the respective school principals as soon as possible. The census count is necessary that school supplies, teachers and space may be planned in advance for the opening of school this fall.

with Connally but "no major disagreements."

"We've stood side by side and fought for the things that would improve Texas," Smith declared.

Smith said that if he is elected governor his program will focus on better shcools throughout the state. He called for improvement in four phases of education in Texas specifically naming public schools, vocational schools, junior colleges and senior colleges.

He said one of the major problems confronting Texas education today is how to attract and hold competent teachers. He noted that Texas has a shortage of 14,000 teachers at the present time.

"Texas is a big, proud, rich state," the lieutenant governor declared. "I believe we should be able to raise teachers' salaries at least to the national average."

He said improvement of junior colleges would attract more industry to Texas and improve the economic well being of the state.

The candidate touched briefly on roads and tourism and what he expects to do as governor to develop these state assets.

He told of his qualifications noting that he served six years in the Texas House, six years in the senate and six years as lieutenant governor.

"During that time, I've served 235 days as governor," said Smith, "I always look forward to the governor being out of state. That makes me governor and a $40,000 a year man instead of a $400 a month man."

"I came from Central Texas and was one of a family of 13," said Smith. "I worked my way through school."

Smith said he hopes the people of Canyon will not hold against him the fact that he is from Lubbock.

"Everybody has to live somewhere," he declared in jest.

"My politics are conservative," said Smith. "I have always supported the Democratic nominees but I have not always supported their programs."

"I believe in the freedom of the individual and I believe you have the right to know how your tax dollar is spent."

Joe Gidden was in charge of arrangements for the luncheon. Leaving Canyon, Smith took a campaign swing around the Panhandle.

Sewer . . .

(Continued from Page 1)

available for use, the McMorries report shows.

The existing sewer outfall main is a 12" vitrified clay line along 28th St. to 14th Ave. and southeast to the sewage treatment plant. This main, McMorries said, is designed to flow one million gallons per day at peak flow.

"Since peak flow ratio to average flow is approximately 200 per cent then the design capacity of this line is for 5,000 population," McMorries stated.

The present plant, including bar screen, Imhoff tank, trickling filter, final clarifier, sludeg drying beds and oxidation ponds, were designed for a 7,000 population. The present facility was completed in 1953.

The proposal offered by McMorries would include a new outfall line to be installed from 10th-11th Ave. at 28th St. to a new treatment plant that would be designed to last until 1985.

A portion of the funding for the sewerage treatment plant expansion may come from Texas Water Quality Board coffers.

Application for 30 per cent of the project was filed in late December.

The TWQB in Austin, that receives federal funds which are distributed to cities for sewer plant projects, makes the money available through Public Law 660.

On Dec. 4, 1967 the commission approved the purchase of 57 acres of land from George Roots at a cost of about $38,000 for expansion of the plant.

Sale of the land, which includes two barns and lagoons in the southeast section of the city, was sanctioned subject to passage of the sewer bond issue.

Also scheduled in the April 2 election will be separate bond issues totaling $200,000 for widening of several streets and $26,000 for land fill improvements.

Party. . .

(Continued from Page 1)

will be chosen at the state meeting. The group will hear an address by George Wallace, former governor of Alabama and the party's candidate for President.

William M. Anderson, Amarillo, is county chairman for the American Party.

Six precincts held precinct conventions Saturday night. Members of the press were admitted to the two conventions held here in Canyon.

There had been some question as to whether news representatives would be admitted to the precinct conventions which were held in private homes.

Clifford . . .

(Continued from Page 1)

Smith County Sheriff's Department Wednesday said Clifford probably will be granted time to report either to the Deaf Smith County Sheriff's office in Hereford or to the state penitentary at Huntsville.

Clifford drew two years after being convicted of shooting his wife to death. He was tried in Denton on a change of venue. He told a jury there that his wife and Stevens were having an affair and that he blacked out before shooting her four times.

Clifford served 13 months in prison for the shooting death of his wife.

The high court in a 3-2 decision, also affirmed the death sentence of Thomas Ray Vessels, 29, by a Pampa jury.

Vessels was convicted of the April 1966 rape and stabbing of a Pampa housewife and mother.

Vessels is under three year sentence from Randall County after conviction in 47th District court here. He was convicted of assault with intent to murder in connection with an attack on a South Amarillo housewife.

Cowboys Win Third

Happy High School's Cowboys took third place honors in bi-district basketball competition last week.

While Happy downed Rule 53-48 and Whitharrell 73-57, they were defeated by Meadow High School by a final tally of 55-60.

Mike Starker and Don Maynard, high scorers for the Cowboys in games this basketball season, were named to the all-regional team.

In the Rule clash, Starker sank 18 points and pulled down 13 rebounds and Zeke Frost made 14 baskets.

Happy was ahead by only three points at the end of the second quarter and the score was tied 42-42 at half-time during the Rule game.

In the Whitharrel game, Frost scored 19, followed by Wicky Culp with 16 and Maynard with 12.

upon the projected $1.60 tax rate per $100 valuation with anticipation of 95 per cent collections.

Tax revenue forecasts are based on an estimated total assessed valuation of $33,376,508, Davis added, and with an estimated collection of 95 per cent this would amount to about $253,661 which is 18 per cent higher than 1967-1968 due largely to the ten cent increase in the tax rate which represents a 6.6 per cent increase over the current rate of $1.50.

Commissioners approved hiking the tax rate to $1.60 in order to pay interest on a $440,000 bond issue which will be offered to the voters in an April 2 election.

City fathers voted to conduct a public hearing on the budget Tuesday at 7 p.m. in the City Hall Annex.

As for the $440,000 bond issue, commissioners studied the ballot which will include three separate propositions.

Proposition one will be $215,000 for sewerage treatment plant expansion; proposition two will be $200,000 for street and drainage improvements; and proposition three will be $25,000 for dump ground expansion.

Absentee balloting will be held March 13-29.

Commissioners voted to advertise for bids on left turn indicator signal lights on 23rd St. at the intersections of Second, Fourth and Fifth Avenues. Two companies have submitted estimates on the signal lights.

Bids will also be sought for installation of the signal lights.

In other business, commissioners approved the installation of a loud speaker to be used by E. T. Cummings at the Buffalo Book Store during the noon hour and an incinerator at Gibson's Discount Center. They rejected an offer from Shell Oil Company for the lease of mineral rights at the city dump grounds.

tificial resuscitation and exhibits of the science fair on display.

At Rex Reeves Elementary School, special visiting hours were arranged for parents by invitation and approximately 800 had visited the school including about 175 who attended the school's special patriotic program Tuesday evening.

Canyon High School had open house Tuesday evening with about 150 visiting the school.

At Canyon Junior High School, about 285 took a tour of the classrooms in a 'simulated school day' visitation Tuesday night. In addition, about 50 others had visited the school this week.

The four local schools will continue with open house visitations today, Thursday, and the students and teachers will have a holiday on Friday, while teachers attend the District IX Teachers meetings in Amarillo.

Music Events Underway At University

At least two musical events a week, sometimes as many as four such affairs, are on schedule here until mid-May.

This week the department of music of West Texas State University already has given its 25th, 26th and 27th programs of the 1967-68 season. George Eason, assistant professor of music, was heard Sunday afternoon in a piano recital in the Fine Arts Auditorium. Two seniors, Ronnie B. Wynn, Canyon vocalist, and Steven C. Ragsdale of Odessa, who plays the French horn, performed in a combined recital Monday afternoon.

Monday night, also in the auditorium, members of the music department faculty were heard in a woodwind quintet. The performers were Dr. Gary Garner, flute; Rowie Durden, clarinet; Alice Cooke, oboe; Donald Munsell, bassoon; and Emerson Haraden, horn.

Sunday (March 10) the WTSU 40-piece chamber orchestra will give a concert in the auditorium at 3 p.m. Monday the brass choir will be heard in concert at 8:15 p.m.

The WTSU 100-piece band will be heard in the same auditorium at 8:15 p.m. Saturday (March 16).

Best In Science Fair Are Chosen

Four exhibits from Rex Reeves Elementary School science fair were judged "best of show" Friday and will be entered in the Texas Panhandle Science Fair in Amarillo during April.

SCIENCE FAIR exhibits at Rex Reeves Elementary School selected as the school's "best of show" to be entered in the Panhandle Science Fair during April. Winners, from left, are Chris Moreland, David Kievit, Dan McGlasson and Mindy Hicks.

Judged as best of show were entries by Chris Moreland in medicine and health; Mindy Hicks in zoology; David Kievit in physics; and Dan McGlasson in chemistry and bio chemistry.

A total of 55 entries were judged in the school fair.

The elementary fair had seven classifications for entry and awards were given in each division according to Bryce Slack, assistant principal.

Winners by division were:

Mathematics-- Doug Day, first; Ricky Bauer, second.

Botany--Stacie Wright, first; Christi Prichard, second; and Susan Lindsey, third.

Zoology--Mindy Hicks, first; Judy Carpenter, second; and Chris Stephens, third.

portunity, Ritter is a member of the American Association of University Professors and the International City Managers Association.

Ritter is a member of the First Presbyterian Church and he and his wife, Lou, have two children. They are Bill, 24, and Janet, 19.

Christopher, who was born in Wellman, Tex. and graduated from West Texas State University with a BA degree in Business, spent three years in the US Army and was manager for Crowe-Gulde Cement Company here until he entered the real estate business in 1961.

He is a former board member of the Canyon Chamber of Commerce and has been associated with the Little League and girl's softball teams here.

Former chairman of the City of Canyon tax equalization board, Christopher has been associated with the Canyon Fire Department as secretary and chief for nine years and is past president of the West Texas Basketball Boosters Club.

Christopher and his wife, Zona, have two daughters, Jimma, 8, and Penny, 4.

Fulton, who has been in business here since 1947, graduated from West Texas High School and received a BS degree in Music from West Texas State University. He also attended Denver University and the Biarritz American University in France where he was stationed with the US Army infantry division.

Fulton is a member of the Society of American florists, Texas State Florist Association, West Texas-New Mexico Florists Association, organization for which he has served as a member of the board of directors and is currently a candidate for the first vice presidency.

A member of the Rotary Club here for 20 years, Fulton is past president and board member for the Canyon Chamber of Commerce, Troop 66 Boy Scout committee member, and a member of football and music scholarship programs at WTSU. He is also on the board of directors of Canyon's West Texas State Bank.

Fulton, who is a steward in Canyon's First Methodist Church, defeated Dr. J. B. Roberts in a city commission election two years ago.

He and his wife, Thelma, have three children. They are Richard, 16, Lauran, 13, and Jeanna, 7.

Lindsey, who was born at Newport, Tex., attended public school at Post, Tex. and later moved to Slaton before coming to Canyon in 1927.

He worked as a mechanic for the Imperial Chevrolet Company here in 1933 and later was employed by Hawks Motors, Inc., a firm he purchased in 1942 and sold in 1952.

Lindsey, who also owned a farm implement dealership here for some time, has farm and ranch holdings in Randall and Armstrong counties.

In 1954 he was elected to the city commission and was later on a charter commission making Canyon a home rule city.

Appointed later to fill the unexpired terms of John Taylor and Delbert Lowes on the city council, Lindsey was elected commissioner in 1963 and mayor in 1966.

A member of the First Baptist Church, Lindsey and his wife Catherine have three children. They are Mary Ann, 16, Jimmy of Fort Worth and Bertha Lee of San Antonio.

COG . . .

(Continued from Page 1)

this year to discuss COG. At the earlier meeting, held in Amarillo, Haley and several others severely criticized the formation of a regional approach to planning.

"We're against power and we're not going to stand for any part of it," he continued. Haley drew applause from the 40-odd present with several of his remarks.

Mrs. Robert Casperson, who is a member of the state board of the League of Women Voters, said her organization was interested in the formation of a regional planning administration. She cited a need for such an agency because of the present "overlapping" of several governmental bodies.

"Don't you feel Secretary Weaver (Robert Weaver, head of the Department of Housing and Urban Development, organization endorsing the COG concept) might be telling us what to do," stated Mrs. Gloria McCormick of Amarillo.

She said the suggestion that if a COG were not formed that a governmental agencies would plan for this region was "blackmail".

Randall County Commissioner B. R. Jones said "the counties operate at the pleasure of the state now".

In earlier discussion of the planning group by the four commissions, Amarillo Mayor J. Ernest Stroud said on the county level "this will do away with commissions".

"Sometime this well will run dry on the Washington level." Stroud declared of federal funds for local planning. The Amarillo mauor earlier said he was against the formation of a COG. "I think his honor is saying he doesn't want any federal money, period," countered Potter County Judge Bill Adams.

If the area has no planning body, Amarillo City Commissioner L. O'Brien Thompson offered, a government office will certify local needs, to which Amarillo City Commissioner Glen Gibson added that "due to situations confronting us today, planning ahead by region seems to be a way to handle these problems".

Amarillo and the Midland-Odessa area are the only two regions in Texas without regional planning commissions, Amarillo City Attorney C. J. Taylor said, adding that no federal money would be used for the body unless sought.

Taylor explained most federal grant requests must, after June 30, 1968, be reviewed by a planning agency. If there is no planning agency, the grant review would be made by the state government.

Hosea Foster, local businessman asked if the planning group could create a debt. Taylor said the group could make no debt nor has it any taxing powers.

After those opposed to the planning commission had spoken, where discussion was limited to three minutes by Randall County Judge Carrol Brown, Thompson said there was "nothing in the by laws referred to in objections here today".

Summing up a planning commission's duties, Thompson said "the instrument is meant by state law to review activities in this area that are now done by someone else someplace else".

The by laws declared objcetives of the association to "encourage and permit local units of government to join and cooperate with one another to improve the health, safety and general welfare of their citizens and to encourage the future development of the region or area embraced by the agreement and the communities within that region".

Other members of the commission, according to the by laws could be independent and common school districts, and water, sewer, hospital and other special districts.

Each of the counties would have two elected representatives, the city of Amarillo would have three, the city of Canyon would have two, incorporated members cities of less than 5,000 population would have one representative, as would each school district and special districts.

Under the by laws there would be no executive director or staff, but the organization could contract with any member of the planning group to provide any service, report, study or other administrative function desired by the planning organization.

The cities of Amarillo and Canyon would pay annual dues of two cents per capita and the two counties and all other governmental units would pay one cent per capita, or $50, whichever is greater.

Judge Brown suggested the four commissions meet separately to prepare revisions and suggestions concerning the regional planning agency.

Athletic Banquet March 23

Athletic awards banquet for Canyon High School will be held Saturday, March 23, at 7:30 p.m. in the west cafeteria at West Texas State University.

Ticket sales are underway, according to Johnny McBroom, president of the CHS Eagle Boosters. The tickets sell for $3 per plate and the public is invited to attend.

Highlight of the event will be the presentation of athletic awards including the Fighting Heart Award to the outstanding CHS football player; and awards for the outstanding forward and guard on the CHS girl's basketball team as well as the outstanding basketball player for the CHS boys basketball team.

Basketball King and Queen will also be crowned during the evening. The two honorees will be selected by members of the ball teams.

Arrangements for the banquet and prom are being directed by Roscoe Richardson, Eddie Conner, Charles Hester, Mrs. Truett Hull and Mrs. Phil Swatzell.

Cub Scout Program Set Here

Boys 8-10 and their parents have been urged to attend an informative program on the projects and training offered in the Cub Scouting program.

The orientation program will be held Tuesday at 7:30 p.m. in the all-purpose room of Rex Reeves Elementary School and will include a film on activities of the Cub Scouts.

Monty Stokes, scout executive for the Randall District of the Llano Estacado Council, will speak on the program along with local cubmasters including Meade Michael, Marion Allen and Calvin Davis.

THIRD GRADE STUDENTS in a tableau from "America Is My Country" which was presented as a patriotic program of the schools during Texas Public School Week Tuesday afternoon and evening. Students are Rosalie Gallaway, and Mike McCandless, seated, and standing, from left, are Susan Sorenson, Phillip Jones, Darleen Baca, Valerie Yarbrough and Phillip LaGrone.

Patriotic Theme Used In 3rd Grade Program

"America Is My Country" was presented Tuesday afternoon and evening at Rex Reeves Elementary School by third grade students.

The patriotic program is presented annually as a highlight of Texas Public School Week here.

Written by Mrs. Alma Perkins, the program was presented by third grade sections of Mrs. Molly Edwards and Mrs. Inell Zevely with musical accompaniment by Mrs. Cortez Dowlen.

The program was opened with three children reading a library book about America. Various tableaus throughout the program depict pictures which the children see in the book. Children reading the book were Edward Grimes, Brenda Johnson and Leigh Ann Turk. Guardians of the tableau book were Katherine Mardis and Carla Thompson.

The opening tableau of "the pilgrims" features Philip Jones, Suzan Sorenson, Phillip LaGrone, Liza Swatzell, Mike McCandless and Rosalie Galloway. Songs accompanying the tableau scene were "America The Beautiful", "Where In the World But In America" and "This Is My Country".

The second tableau dealt with the Thanksgiving scene and featured Darlene Baca, Ruth Garza, Steven Bell, Gary Ward, Carlenee Hanes and Cindy Seals. The children's choir group sang "Come Ye Thankful People" and a Thanksgiving litany was led by Tresea House.

Washington and the cherry tree was the third tableau and presented Elliot Berry and Craig Howard. A song about George Washington accompanied the scene.

Spirit of 1776 tableau featured Ollie Sparkman, Lynn Vaughan and Del Foster. The son "Yankee Doodle" was sung by the group. The following tableau was about Valley Forge and featured additional verses of Goerge Washington. In the scene are Blake Timmons, Cruz Luna and Michael Amberson.

Betsy Ross Making the First Flag was presented by Jill Burton, Cynthia Boone and Elliot Berry as the choir group sang "You're a Grand Ole Flag".

Mike Mebane, Yvonne Rittenberry, Sharla Williams and Sandra McIntosh appear in the tableau of Lincoln As A Boy. The "Lincoln Song" accompanied the scene. The following tableau features Lincoln and His family.

Included in the scene are Steve Powers, Leslie Thomas and Max Moore. Songs were "Battle Hymn of the Republic" and "I Am An American".

Randy Michael and Ty Pruett are featured in the scene of Davy Crockett and music with the scene was "Davy Crockett" and "This Land Is Your Land".

A routine dance featuring Yankee Doodle Dandies and their Sweethearts was presented. Included in the scene were Greg Pitt, Jeff Smith, Bryan Garner, Scott Oglesby, Marsha Currie, Jackey Latta, Julie McGlasson and Christy Corley.

Deedy Johnson appeared as the Statue of Liberty as the choir group sang "Give Me Your Tired Your Poor" and "God Bless America".

The final scene featured Greg Carlile as Uncle Sam and the audience was requested to rise for the final song "The Pledge of Allegiance".

CHS Livestock Teams Compete

Canyon High School livestock judging team participated in livestock judging contests for the Top of Texas District at Pampa Tuesday.

Members of the team are Dick Cummins, Doug Breitling, Rick Hales and Mike Breitling. Marcus Phillips, vo-ag advisor, accompanied the group.

Results of the meet were not available at press time.

Two teams from CHS will participate at events at Texas A & M this week end.

In a recent National Duroc Congress at Lubbock, the local vo-ag judging team placed tenth.

Canyon Girl Personality Queen At WT

Canyon's Jarnagin twins, Jan and Jill, won top honors at West Texas State University during the past week.

Jan was crowned personality queen at a dance last Saturday night and was presented a bouquet of roses by Dr. James P. Cornette, president of the university.

Twin sister, Jill, was named junior class favorite. They are daughters of Mr. and Mrs. Clark Jarnagin.

Personality king was Jim Holston, a senior from Plainview.

Other class favorites were also announced and each girl was presented a long-stemmed rose.

These include: freshman, Trudy Jarrett, Lockney, and Ken Pardue, Albuquerque, NM; sophomores Ruth Minyard of Silverton, and David Cole, Austin; juniors Jill Jarnagin, Canyon, and Roy Winters, Midkiff; seniors Betty Massie, Friona, and David Yarborough, Happy.

Republicans Hold Meeting

Randall County Republicans met in Amarillo Saturday to map plans for the upcoming elections.

The Republicans, meeting in their headquarters at 2710 Westhaven Village, voted to allow precinct chairmen to suggest two election judges. The judges will be approved at the next meeting of the organization.

The need for workshops for judges and precinct chairmen to study the operation of voting machines was discussed, but no decisions were reached as to time and place for the study sessions.

Among those Republican candidates involved in 1968 elections introduced included S. C. (Roy) Stockton and David L. Clifton, precinct one; Mrs. Audrey Bruse, tax Assessor-Collector; and Tom Christian, 75th legislative district.

The organization voted to meet the first and third Mondays at 7:30 p.m. in their headquarters until election time.

"This is the most important and crucial election in our history," declared J. Evetts Haley, Republican chairman. "It may be our last free one."

About 40 attended the Saturday meeting.

Jan Jarnigan of Canyon was named personality queen at West Texas State University last Saturday night and Jim Holston of Plainview was elected personality king. Jan's twin sister, Jill, was named junior class favorite.

CowgirlsToTourney

With a 51-49 win over Vega Tuesday evening the Happy High School Cowgirls advance to the girls regional basketball tournament to be held at West Texas State University this week end.

In the Vega-Happy contest, Peggy Bates scored 25 points, followed by Ann Moudy with 15 and Linda Mayes with 11.

Happy, a team that only won two games last year, made 51 per cent of their shots from the field, compared to 33 per cent for Vega. In their first five games this season, Happy had scored more points than in all contests last year.

Score at the end of the first period against Vega was tied 11-11 and Happy lead by only one point at half-time. The Cowgirls pulled ahead 41-37 by the close of the third period of play to take the cage clash.

The Cowgirls will meet Quitaque in the WTSU Fieldhouse at 7 p.m. Friday in the first game of the regional contests.

AdamsNew Booster President

Bill Adams of Canyon was named president of West Texas State University Basketball Boosters Club Monday night at a meeting at the WT Fieldhouse.

Adams succeeds Jimmy Christopher in that capacity.

Boyce Box of Amarillo was elected executive vice president and Don Vars was named vice president.

Dr. Kenneth Waugh of Canyon was elected secretary. Dr. Burwell Southern was named treasurer.

Foundation To Select Directors

Two new directors of Canyon Industrial Foundation will be named in the near future.

This decision was reached Friday at a membership meeting in the East Cafeteria of West Texas State University.

Terms of Clarence Eugene Thompson and Jerry LaGrone on the board expire this year. Thompson, H. R. Fulton and Paul Davis were named to a nominating committee.

Officers will be elected from the board membership.

Remaining board members include Dr. J. Manly Bryan, Bill Davis, David Leven, Bill Adams, Paul Davis and Joe Gidden.

Current officers include Joe Gidden, president; Bill Adams, vice president; and David Levens, secretary-treasurer.

Purpose of the foundation is to raise funds to encourage industry to locate in Canyon and to assist in development and expansion of present industry.

Presently the foundation has 34 members. A membership drive is in the planning stages.

One of the most notable achievements of the foundation during the past year was its assistance to the Dobbs Corporation after that firm was wiped out by a storm last summer.

Dobbs Corporation manufactures tail water pumps used by irrigation farmers. L. R. Dobbs, owner, said the foundation deserves a great deal of credit for getting his company back into production.

4-H Foods Show Set

Annual "favorite foods show" for county 4-H members will be held March 23 at the Junior Livestock Building in Canyon, according to Mrs. Becky Hall, home demonstration agent.

4-H members entering the show must turn in recipes, menues and D-forms to the home demonstration agent's office by 5 p.m. March 21. Records will be judged March 22.

Exhibits must be in place by 10 a.m. March 23 at the Junior Livestock Building. Exhibitors must be present when their exhibits are judged at 10 a.m.

Following a recess, the winners will be presented with awards at a ceremony at 1:30 p.m.

The show has divisions for both junior and senior winners. Entries may be in any of four foods groups, milk meat, bread or fruit and vegetable, according to Mrs. Hall.

Working with Mrs. Hall on the planning committee are Mrs. Leroy Bauer, Mrs. Lewis Tucek, Mrs. Richmond Hales, Mrs. Earl Reynolds and Mrs. C. A. Smith.

Miss Hicks Is Honored

Nancy Hicks was named Lubbock's "Miss Advertising" at a recent seminar in recognition of Advertising Week at Texas Technological College.

Miss Hicks, daughter of Mr. and Mrs. Orville Hicks of Canyon, was presented with a new Cougar for a week's travel. She was also an honored guest at a silver medal banquet and appeared on "Community Closeup" and several other television and radio programs in Lubbock.

Miss Hicks graduated from Canyon High School in 1965, where she was an outstanding student and served the Texas Future Homemakers of America as state president.

MRS. JOHNNY EDWARD CLABORN

Miss Clark-Claborn Exchange Nuptial Vows

Miss Linda Joyce Clark became the bride of Johnny Edward Claborn in double ring ceremonies Saturday read by Rev. Baldwin J. Stribling at the First Presbyterian Church of Canyon.

The bride is the daughter of Mrs. Wendell Cain and the late Alden C. Clark of Canyon. Parents of the bridegroom are Mr. and Mrs. Jay Claborn of Friona.

Traditional wedding music was presented at the organ by Mrs. Lee Foster and a violin duet, Shubert's Serenade, was given by Mrs. Royal Brantley and Susan Brantley.

Candles, white gladioli and white mums were used at the altar.

The bride's sorority sister from Delta Zeta, Paula Stephens of Lamesa, was maid of honor. Bridemaids were Patricia Rankin of Lipscomb, cousin of the bride; and Barbara Mitchell, DZ sorority sister from Roswell, New Mexico. The bridal attendants wore long light blue satin gowns with blue lace panels trimmed with blue velvet bows. Each wore matching headdresses of blue satin net and carried cascades of white and blue carnations.

Bing Bingham was best man. Groomsmen were Jobey Claborn and Jackie Claborn, brothers of the bridegroom. Ushers were John Bridges, Terry Fite, Eldon Long, Eddie Wood and Jack Gouldy.

Given in marriage by Dr. Wendell Cain, the bride wore a formal wedding gown of silk organza over taffeta which featured empire lines. The bodice and long slender sleeves were accented with reembroidered Alencon lace and seed pearls. The circular chapel train was embroidered with lace and pearls and was held to a bow at the waistline. The wedding veil was held to a coronet of Alencon lace flowers accented with irridescent crystals and seed pearls. The bouffant veil was of imported English illusion with hand rolled edges. She wore cultured pearls, which were a gift from the bridegroom.

Her bouquet of white orchids featured garlands of white roses and rhinestones with white picot streamers tied in love knots.

Mothers of the bride and bridegroom wore corsages of white gardenias and the grandmothers of the couple had cymbidium orchid corsages for the occasion.

Reception guests were received in Fellowship Hall of the church after the ceremony.

For a wedding trip to points in New Mexico, the bride changed to a green and white knit suit with patent accessories. Her corsage was two white orchids, which had centered the bridal bouquet.

A graduate of Canyon High School, the bride attended West Texas State University, where she was a member of Delta Zeta social sorority and served as a cheerleader. In high school, the bride was a class officer for both her junior and senior years and was crowned football queen as a junior.

The bridegroom graduated from Friona High School, attended West Texas State University, and is a student of mortuary science in Dallas. The couple will make their home in Dallas.

HOMEMAKER OF THE WEEK Mrs. Ross Russell shares recipes for Coconut-Oatmeal Cookies, Chocolate Refrigerator Pie and Cherry Pudding with our readers this week.

COOK OF THE WEEK

Shares Three Favorites

BY LORENA MILLER

Mrs. Ross Russell shares three favorite recipes with our readers this week including a newly acquired Cherry Pudding, Coconut-Oatmeal Cookies and Chocolate Refrigerator Pie.

Mrs. Russell, the former Louise Conatser, is the daughter of Mr. and Mrs. Charles Conatser of Canyon. She has one sister, Mrs. Orville Luster of Wildorado and two brothers, Jack Conatser of Dallas and Charles Conatser of Urbana, Illinois.

She graduated from the West Texas Demonstration High School in Canyon and earned her bachelor's degree in mathematics and education from West Texas State University. She is employed presently as a junior librarian at West Texas State University library and has worked at the university "off and on" for a number of years.

Mrs. Russell and husband, Ross, were married June 5, 1949. He completed high school at the WT Demonstration School and has been with the Canyon Post Office for about 15 years. He is the assistant postmaster for Canyon now.

His mother Viola Russell, lives in Canyon. He has one brother, Dale Russell, in Canyon and three sisters, Mrs. Johnnie McBroom of Canyon, Mrs. Herb Sullivan of Panhandle, and Mrs. Ed Hickmott of Amarillo.

The Russells are members of the First Christian Church of Canyon, where he is a deacon and Mrs. Russell serves as a deaconess. He is also chairman of the property committee.

Mrs. Russell is president of the Christian Women's Fellowship and serves as church librarian and substitute teacher for the Sunday School.

Ross is currently working with the Heart Fund. He has worked with Canyon Boy Scouts and the Little League for a number of years.

The Russells have two sons, Ronnie, 18, is a senior at Canyon High School. He is a member of the National Honor Society, is a member of the football team and is president for the athletic "C" club at the school. He attained the level of Life Scout in the Canyon Boy Scouts and works part-time at HR's Flowers and Gift.

Steven, 16, is a sophomore at Canyon High School. He played football on the B-team and is currently involved in baseball activities at the school. He has earned the rank of Eagle Scout.

About hobbies, Mrs. Russell said that the "whole family enjoys boating, picnicking, camping and fishing" but she and her husband have recently taken up bike riding as a hobby for themselves.

"I like the outdoors and enjoy working in the yard," said Mrs. Russell. She has also recently been working on a family history and reads good books in her spare time.

Her recipes are:

CHOCOLATE REFRIGERATOR PIE
1 (8 inch) graham cracker crust
10 marshmallows
1/4 cup milk
1/2 pint whipping cream
1/3 cup shredded bitter chocolate
1/2 cup chopped pecans

Prepare crust. Melt marshmallows in milk over low heat. Cool. Whip cream and then stir marshmallow and milk mixture slowly into whipped cream. Stir in shredded chocolate and pecans. Pour into pie shell.

Refrigerate at least three hours before serving. Longer if desired.

COCONUT-OATMEAL COOKIES
1/2 cup brown sugar
1/2 cup white sugar
1/2 cup (1 stick) melted margarine
1 egg
1/2 tsp. vanilla
1/2 cup flour
1 3/4 cup oatmeal
1/4 tsp. salt
1/2 tsp. soda
1/2 cup coconut

Mix in order given and drop by spoonsful on greased baking sheet. Bake at 350 degrees for 10-12 minutes.

CHERRY PUDDING
1 can sweetened condensed milk
1/4 cup lemon juice
1 cup condensed milk
1 cup pecans
1 cup red sour pitted cherries, chopped and drained
graham cracker crust

Mix condensed sweetened milk with lemon juice. Add condensed milk which has been whipped. Add pecans and chopped cherries.

Place graham crust in oblong cake pan and fill with pudding mixture. Sprinkle a few crumbs of graham cracker on top. Let chill until firm.

Chapel Rites Unite Miss Cole-Hammons

The marriage of Miss Julie Mae Cole to Kenneth Earl Hammons was solemnized February 23 in Joseph A. Hill Chapel on the campus of West Texas State University.

Bob Wear, Church of Christ minister from Littlefield, officiated at the exchange of double ring vows. Traditional wedding marches were played by the bridegroom's cousin, Geneva Fern Richardson.

The bride is the daughter of Mr. and Mrs. Clayton C. Cole of south Amarillo. Parents of the bridegroom are Mr. and Mrs. Crosby K. Hammons of Canyon.

The chapel was decorated with an arch at the altar flanked with yellow and white mums and seven bract candelabra. Enroute to the altar, the bride presented her mother with two yellow rosebuds and as she departed the altar the mother of the bridegroom was presented with two yellow rosebuds by the bride.

Maid of honor was Melody Miller of Canyon. Flower girl was Marquitta DeAnn Shaw of Dumas and the ringbearer was Mark Allen McWilliams of Amarillo.

Bobby Brock of Canyon served as best man. Ushers were Mickey Abbot of Canyon and Roy Walker of Amarillo.

Given in marriage by her father, the bride wore a formal gown of silk alencon lace featuring a tiered skirt which formed a chapel train. The gown was trimmed in iridescent crystals and seed pearls. Her veil was attached to a crown of pearls and she carried a white carnation bouquet centered with a white orchid atop a white Bible. Her only jewelry was seed pearl earrings set in white gold, which were a gift from the bridegroom.

Guests at the wedding reception were registered by Diana Nicholas and Leta Cranmer of Canyon. The reception was held in the Gold Room of the east cafeteria at West Texas State University. A three tiered wedding cake, punch and coffee were served. Others in the houseparty were Mrs. M. L. Sherrod, Mrs. David Horn and Lori March of Amarillo.

For travel, the bride changed to a three piece purple knit suit with black accessories and the orchid corsage, lifted from the bridal bouquet. The couple travelled to Dallas, where they will make their home.

A former student of Canyon Public Schools, the bride was employed as cashier at Pulman Restaurant in Amarillo prior to the marriage.

The bridegroom graduated from Canyon Public Schools. He is currently a student at Rutherford Metropolitan IBM Computer Programming in Dallas and is employed by Space Corp, in Dallas.

Parents of the bridegroom, Mr. and Mrs. Crosby Hammons, were hosts for the rehearsal dinner in the Gold Room of the east cafeteria at WTSU on Thursday evening.

F.J. Grabber Dies, Rites Held

Requiem mass for Frank John Grabber, Umbarger, was conducted at St. Mary's Catholic Church in Umbarger Tuesday with Rt. Rev. Msgr. Matthew Schaffle officiating.

Interment was at St. Mary's Cemetery under the direction of LaGrone Funeral Home of Canyon.

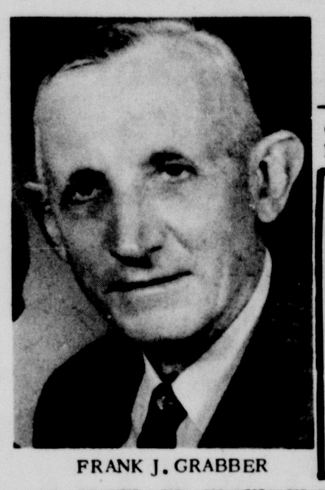

Mr. Grabber died Friday at Neblett Memorial Hospital in Canyon. He was born in Mariah Hill, Indiana May 6, 1894 and had lived in Alabama a few years before moving to St. Francis, near Amarillo. In 1942, he moved his family to the Umbarger community where he was a farmer.

He served with the Dixie Division during World War I and upon his return married the former Clara Detten of St. Francis June 10, 1919. He was a member of St. Mary's Catholic Church and the Knights of Columbus.

Rosary services for Mr. Grabber were conducted at LaGrone Funeral Home Saturday and Sunday evenings and at the Grabber home Monday evening.

Pallbearers were Bill Grabber, Francis Grabber, Carl Grabber, Floyd Detten, Raymong Detten and Danny Detten. Altar boys were Walter Bertrand, Robert French, James Grabber and Harold Bertrand.

Survivors include his wife, Clara; seven daughters, Miss Mary Grabber and Mrs. Lilliam Friemel of Umbarger, Mrs. Florence Arndt of Cullman, Alabama, Mrs. Margaret Bertrand of St. Francis, Sister Gertrude OSB of Little Rock, Arkansas, Sister Edward CCVI of San Antonio, Texas, and Sister Bernice OSB of Fayeteville, Arkansas; four sons, John, Bernard and Edward of Umbarger and Eugene of Canyon; two brothers, three sisters and 35 grandchildren.

FRANK J. GRABBER

Revival Set

VICTOR ETIENNE, ventriloquist from Saint Paul, Minnesota, and his wooden dummy "Terry" will serve as evangelists at the First Assembly of God Church in Canyon March 10-22. Daily services will be at 7:30 p.m. week days, except Saturday, with regular worship services on Sunday. Etienne has been a gospel ventriloquist since the age of eleven. He has traveled extensively in the United States conducting camp meetings and youth crusades. Though entertaining, his gospel work has a preaching, teaching appeal according to Rev. A. J. Pettit, pastor of the local church.

Gum, Taylor Visit Here

Royce Gum and Wilford Taylor, III visited in Canyon during week end with their respective parents, the L. E. Gums and the Wilford Taylor, II, families.

Royce has recently returned from a three week stay in London, England where he conferred with Lloyds of London in expansion of their London Insurance Market. Royce and Wilford are co-owners of Great Plains Insurance and the North American Underwriters with offices in Dallas.

The two local men represent major aircraft insurers and insure aircraft worldwide. They are both graduates of West Texas State University.

While in England, Royce made a side trip to Amsterdam, Holland.

Baptists Revival Is Youth-Led

Phil Hall will serve as evangelist for a youth-led revival March 10-17 at the First Baptist Church of Canyon.

Hall is director of the Baptist Student Union at Amarillo College. Leading the music will be Danny Clark of West Texas State University.

The youth-led revival sessions will be held each week day evening at 7 p.m. with regular service hours observed both Sundays.

Emphasis of the revival will be March 17 when a goal of 725 has been set for the Sunday School hour. Youths of the church will teach the Sunday School classes and will assist with the morning worship services that day.

Organization Meeting Set

A meeting to organize a Randall County 4-H Horse Club will be conducted today, Thursday, at 7 p.m. in the Agriculture Building at West Texas State University.

Randall County Agent John Brazzil said purpose of the club will be to train 4-H youth here in horsemanship. Monthly meetings are anticipated.

Dr. Charles Smallwood, head of the WTSU Agriculture Department, will be project leader for the club.

All 4-H boys and girls and their parents are invited to the meeting, Brazzil said.

Going somewhere? Or been? The Canyon News wants to know about it--and so do its readers.

1910-Model Tractor Donated To Museum

A 1910-model Case tractor was donated Saturday to the Panhandle Plains Historical Museum, according to Boone McClure, director.

The tractor, purchased new by C. R. Gardner from an Amarillo implement dealer, was given to the museum by Gardner's sons, Lloyd, Leo, Glenn and Orville.

The vehicle, said Glenn Gardner of Canyon, was driven to his father's home in Vigo Park. The trip took three days as the tractor only traveled at three miles per hour.

Purchased originally for $3,600, the tractor would now be valued at $21,000, or $1 per pound.

Leo Gardner, who lives in Vigo Park with his other brothers, said a total of 36 horses and mules, plus 17 men and a water boy were necessary when the tractor was used for cutting wheat. The vehicle, he noted, could cut about 100 acres of wheat per day.

The $3,600 originally paid for the vehicle and thrashing machine would have purchased two sections of land in 1910, Lloyd Gardner noted.

After interest was added to the purchase price of the tractor, Gardner had paid a total of $5,000 for the vehicle.

McClure said the tractor would be housed at the building formerly used by the National Guard here.

CHS Choirs Set Clinic

Hugh Sanders will serve as clinician for Canyon High School choirs Monday, according to Miss Linda Adams, CHS choir director.

Sanders will rehearse the choirs on contest music and critique improvement points for competition. All choirs will rehearse from 8:30 until 11:30 a.m. A session for rehearsal of the girl's choir will be from 3:50 until 6:00 p.m. and the boys choir will rehearse from 7 until 9 p.m.

Sanders was recently elected president of the Texas Music Educators Association. He is a director of the chorus at West Texas State University and associate director of the WTSU Chorale. He is a graduate of Baylor University and has become known throughout the tri-state area as a clinician and judge.

Funeral Conducted For T.H. Knighton

Funeral services for Thomas Hyde Knighton, 72, were conducted Monday at the First Baptist Church of Canyon.

A longtime resident of Canyon, Mr. Knighton died at his home, 409 Thompson Lane, Saturday. He had lived in Canyon since 1921 and married the former Grace Cavness in San Marcos June 16, 1925.

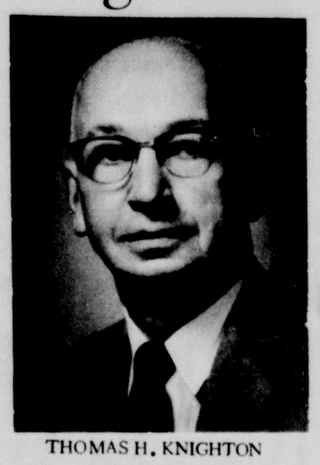

He was born August 20, 1895 in Pushmataha, Alabama. He was a life insurance agent for American United Life Insurance Company for 31 years. He was a member of First Baptist Church of Canyon and was a charter member of the Canyon Rotary Club.

Mr. Knighton was active in the development of Canyon City Club. He was an early day member of the American Legion, the Shriners and the Knight Templar.

He was in the wholesale grocery business with J. E. Bryant and Company and was partners with Roy Campbell in Buffalo Grocery and Drug until 1933, when the business was divided and Campbell took the grocery section while Mr. and Mrs. Knighton ran the Buffalo Drug Store from 1933 until 1946.

Services were conducted by Rev. Strauss Atkinson, pastor of the First Baptist Church, and Rev. Newton Starnes, pastor of the First Methodist Church.

Interment was at Dreamland Cemetery, under the direction of LaGrone Funeral Home. Pallbearers were Marvin Fite, Charles Hillier, Murphy White, H. R. Fulton, Jr., Carroll Vaughan, Luther Lawless, Clifford Burtz and Benny Cooper.

THOMAS H. KNIGHTON

Survivors include his wife, Grace; two sons, Tom E. Knighton of Perryton and Bill Knighton of Miami, Florida; a brother, V. G. Knighton of Birmingham, Alabama and six grandchildren.

Fruitless Burglary

Apparently all a man who attempted to burglarize two local business establishments accomplished was to cause extensive property damage while trying to gain entry.

Don Brietling, manager of Brent's Clothing Store here, discovered someone had tried to gain entry into the business establishment sometime last Wednesday night. The burglar had broken two windows in the south front door, four windows in the east picture window and damaged a south back door.

Randall County deputies, who investigated the incident, found the burglar had been in "The Only Place", a restaurant adjacent the clothing store.

At "The Only Place", where a door had apparently been left unlocked, the only damage was to a cigarette machine the burglar was unable to open.

Nothing was missing from the two business establishments.

Concert Set For March 21

Ronald Turini, pianist, will be featured on the final Community Concert program to be held here Thursday, March 21, at the Canyon High School auditorium.

The program will begin at 8 p.m.

Turini has played to audiences since 1961 and his recital debut was at Carnegie Hall in New York. He has toured Europe and the Soviet Union as a piano soloist and performed with the Montreal Symphony. He toured South America in 1963 and again in 1965. He has toured the United States including concerts in New York, Chicago, Washington, Houston, San Antonio, Los Angeles and Atlanta and in each of these cities has been re-engaged.

News Brief

The Buffalo Riders of Randall County met Sunday for a business session and practice playday to acquaint new members and their horses to the games.

Members of the group will attend an invitation playday at Lubbock March 17. Local riders interested in joining the group should contact Doris Kiker, 499-2501.

Alpha Chi Standards Reviewed

Juniors and seniors in West Texas State University who think they may be eligible for membership in Alpha Chi, academic honorary fraternity, have been asked to speak to Alpha Chi sponsors.

They are Dr. Wendell Cain of the speech department; Dr. Ples Harper, head of the modern languages department, and Mrs. Kathleen Collins of the English department.

Cain said the trio is checking transcripts this week, but there remains a possibility that some eligibles, especially transfers, could be overlooked.

Eligible for membership in the honorary fraternity are juniors and seniors who have had at least 30 hours at West Texas State University, are now carrying nine semester hours, and have achieved a certain scholastic goal. The over-all scholastic qualification is 2.10 average grade for juniors, and 2.12 for seniors.

Usually, said Cain, the upper 10 per cent of the juniors and seniors fall in this category.

Last semester 96 per cent of the eligible juniors became members of Alpha Chi, and 85 per cent of the eligible seniors.

In the commencement program the names of Alphi Chi members are indicated by asterisks.

Breakfast Set For Teachers

The Texas Panhandle Chapter of the International Reading Association will have a breakfast March 8 at 7:30 a.m. in the Young Women's Christian Association building at 1006 S. Jackson, Amarillo.

The meeting will be the first session slated for the District IX sessions of the Texas State Teachers Association. Claud Zevely of West Texas State University will present a portion of the program. Johnny Blackwell, assistant coordinator for the Panhandle Educational Services Organization, is in charge of the decorations. Mrs. Dorothy Dodgen of Shamrock has arranged the program.

Breakfast reservations should be made with Miss Stacie Irene Crawford, Amarillo.

A number of Canyon people are officers of the organization including Hazel Sunderman, president; Howard Birdwell, treasurer; and Lorraine Johnson, corresponding secretary.

Three Attend Soil Meeting

Ed Wieck, chairman of the board of supervisors of the Palo Duro Soil and Water Conservation District, J. W. Spears and John O' Conner attended the semi-annual meeting of the Panhandle Association of Soil and Water Conservation District recently in Friona.

The meeting was conducted by A. L. Black of Friona, president of the Texas Association of Soil and Water Conservation District.

Royce Bergman, executive secretary of the Cattle Feeders Association, discussed cattle feeding in the area and Harvey Davis, executive director of the Texas State Soil and Water Conservation Board, discussed current legislation affecting soil and water conservation.

Amarillo was selected as the site for the September meeting of the organization.

Woodward Calls Home

Spec. 4 Bobby Woodward is stationed at Hue, Vietnam for a tour of duty.

Woodward placed a long-distance call to his parents, Mr. and Mrs. Lloyd Woodward in Amarillo, Sunday. He was calling while on "rest and relief" at Sydney, Australia.

Woodward is expected to return home in June. He is a former student of the Canyon Public Schools. The Woodwards are former residents of Canyon.

Former Resident Dies In Justin

Frank B. Parker, former manager of Consumer's Fuel Association in Canyon, died during February in Justin, Texas.

He is survived by his wife, Ethel; a daughter, Mrs. Mary Ann King of Bridgeport; a son, Stanley Parker of Dallas; and four grandchildren.

Interment was at Mt. Olivet Cemetery in Fort Worth.

Gibson Opening Set Today

Six weeks of feverish preparation will be climaxed today, Thursday, in the grand opening of Canyon's newest business--the Gibson Discount Center.

The Canyon Discount Center is one of 350 stores in the nation's largest discount chain which are reknowned as stores "where you buy the best for less," say Gibson officials.

Some $300,000 worth of brand name merchandise will be displayed in the 22,000 square foot facility, say store operators.

Operators of the firm say all Gibson Discount Center merchandise is priced below the usual retail cost.

David Davidchik will manage the day-to-day workings of the new discount center.

Nine departments will serve the merchandise needs of Canyon customers.

Departments include health and beauty aids, catering to ladies; automotive and sporting goods, for men; soft goods, jewelry, toys, housewares, hardware--and a complete prescription pharmacy. Store officials say there will be thousands of products under one roof at massive savings to the customer.

The Canyon Gibson Discount Center was built at a cost of $140,000 by Bud Hogan Construction Company of Pampa.

The New Gibson Discount Center is the fourth Gibson store co-owned by Delmar H. Watkins, president of the business. He also shares interest in the Gibson Discount Center in Hereford, a store in Pampa which was opened in 1963 and a store in Borger.

The new Gibson store here will feature numerous bargains for its customers and has plenty of free parking, store officials declare.

The store is completely air-conditioned for the summer months ahead.

It contains 22,000 square feet of display and stockroom space.

All Gibson merchandise is guaranteed new and unconditionally guaranteed, store officials say. If the customer is not completely satisfied, his money is cheerfully refunded, they declare.

Gibson stores have access to some 16,000 items of merchandise, some 12,000 of them famous brand names. firm officers went on.

The Canyon Gibson Discount Center is one of the newest facilities in the nationwide chain, a chain that added 50 new stores in 1967 and plans 50 more for the current year, bringing its grand total to about 400.

Gibson's now has its hub at Seagoville, Tex., a suburb of Dallas, where Herbert R. Gibson, Jr., son of the discount house founder who is currently chairman of the board, oversees the huge operation.

Dallas has 10 new Gibson Stores of its own, all of which opened on the same day recently.

Firm officers say expansion of other Gibson firms is in keeping with the chain's rapid growth. Sales jumped from $300 million to $340 million between 1964 and 1965, they say.

This year's sales volume is projected by company authorities at more than $500 million with $1 billion as the target in 1970.

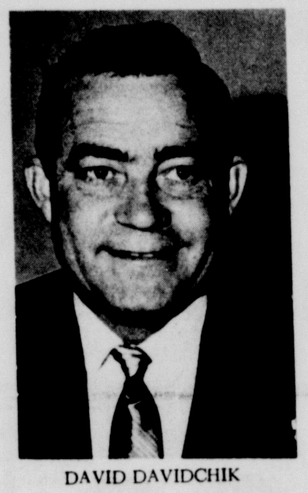

Founded in 1958, Gibson Discount Centers are now in 23 states, including Alaska and Hawaii.

In 1965 Gibson's averaged building a new store every 10 days, culminating in the opening of a massive Gibson store in Hutchinson, Kan., last October, firm officials noted.

Gibson sales are making a steady gain of about 30 percent each year, firm officers report.

Davidchik Is Manager

David Davidchik, who was born Jan. 6, 1930 in Sherman, will be assistant secretary and treasurer of Gibson Products Company of Canyon and store manager.

DAVID DAVIDCHIK

He and his wife, Jo Ann, and their three girls, Davolyn, 13, Laurie, 10, and Kerie Beth, 3, are in the process of moving to Canyon to manage the new store here.

Davidchik is an ardent fisherman and he invites fishermen to come in and he invites Canyon fishermen to come out to the discount center and talk to him.

Merchandise Guaranteed At Gibson's

Gibson Discount Center in Canyon operates under the same guarantee as all Gibson stores.

"All our merchandise is brand new, first class, shipped to us directly from the manufacturer. There is no warehousing, no rejected merchandise, no second rate products."

"Our merchandise is unconditionally guaranteed. If the customer is not completely satisfied, his money will be cheerfully refunded," says Delmar Watkins and Chester Thompson.

Crippen Officer In Firm

Bobby Crippen, vice president of Gibson Products of Canyon and general manager, is a native of Salem, Ill. where he graduated from high school in 1956. He came to Pampa as a warehouse manager for Baroid in 1960.

In August of 1963 he joined Delmar Watkins to open Gibsons Discount Center in Pampa where he advanced to manager of the Pampa store in two years.

Crippen and his wife, Janice, have one son, Mike, 7, and live at 2301 Commanche St. in Pampa.

Fishing and sports car-racing are Crippen's hobbies and

BOB CRIPPEN

his ambition he says "is to keep prices down in Canyon".

This huge store will be open for business today. It is Canyon's newest firm--the Gibson Discount Center. It has 22,000 square feet of floor space and will offer thousands of items of merchandise for sale. Parking is free on the center's spacious parking lot at the front of the store.

Items By Thousand On Sale At Center

Almost $300,000 in merchandise went on sale at Gibson's Discount Center today, Thursday, as the firm opened in Canyon.

The five-day observance will continue through the remainder of this week and will be concluded with a drawing for a free television set to be given away Saturday night.

"Batman" balloons will be given to the kiddies so long as stocks last, observed Gibson's store manager, Bob Crippen.

The local Gibson's Discount Center is No. 106 in the organization's chain of 270 stores.

"Fantastic" is the word that best describe Gibson's growth, said Bob Crippen, store manager.

The first Gibson's Discount Center was opened in Abilene in 1958 by H. R. Gibson. It proved so successful that the current chain of Gibson's Discount Centers was born. In only eight years more than 270 stores have been opened and more are projected before the end of the year, he explained.

Friends and relatives wanted into the act and it wasn't long before Gibson's became a combination of company-owned stores with every store following the same policy.

"Obviously, so many stores give us a tremendous buying power, which accounts for our very low prices," Gibson explained.

The Gibson chain is called the nation's biggest group of discount stores in America featuring famous name-brand merchandise and the Gibson trade show at Market Hall, in Dallas, is recognized as the largest private trade show in the world.

The organization's goal is set for one billion dollars in sales by 1970.

Gibson's has twenty-four family owned stores and a majority of the franchise stores are under multiple ownership with several franchisers operating up to twenty units.

Delmar Watkins, local Gibson store owner, also owns interest in the Hereford and Bogger units.

Unless the tight money situation creates additional problems, Gibson's founder says he foresees no slack in the fast rate of expanison for the Gibson's Discount Centers, both in cities of 25,000 and up to 750,000 population.

Top Brands Featured

Gibson Discount Center in Canyon, like over 350 other Gibson stores in 23 states, features brand name goods at 30 to 60 per cent off the regular retail prices, store officials say.

How does the nation's largest discount chain manage such massive price reduction?

The answer is a relatively simple one--huge volume and low overhear, says Delmar Watkins, store owner.

Gibson stores begin by buying all items in massive quantities direct from the manufacturer, eliminating the middle man and also eliminating the greater per-unit cost of buying a smaller volume, he continued.

Gibson stores then eliminate another cost--warehousing merchandise--by direct shipment to the individual stores. Some stores share a shipment and thus get the benefit of carload rates, adding to savings which are passed on to the customer, Watkins explained.

Members of the Gibson franchise chain have access to more than 16,000 items of reputable merchandise, 12,000 of them famous brand names.

How does the individual Gibson store have access to such a large selection of merchandise? Because the Gibson chain holds three merchandise shows a year--spring, summer and fall--in Dallas' massive Market Hall, inviting the display of goods from manufacturers from whom they want to buy--16,000 items in all.

Individual store owners then tour the shows, order what they want for the coming season, the orders for each item are totaled and the manufacturer gets one big order instead of several small ones--better for the manufacturer, the Gibson stores and especially the customer, who receives the savings, Watkins explained.

Brand names assure the customer of "the best", and the Gibson system of purchasing in volume and reducing overhead makes the customer sure it is "for less", he concluded.

Appliances Available

Small appliances at Gibson's Discount Center, all well-known brands, include hair driers, vacumm cleaners, floor polishers, irons, electric knives, mixers, toasters, broilers, electric skillets, toothbrushes. . .and many other products.

Sources Available

Through the firms franchise arrangement, Gibson Products Company sets up buying sources, arranges prices and terms and has shipments of merchandise made direct to the stores.

No franchise store is required to buy any specific item through the central offices in Seagoville, Tex. near Dallas.

All shipments are made direct from the manufacturer, thus giving the franchise store the equivawent of a cumulative buying power reported at approximately $850,000,000 annually at present.

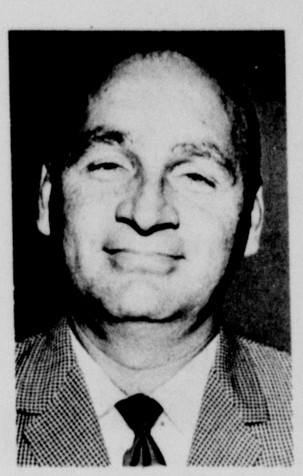

"The most important thing we consider in granting a franchise arrangement," says H. R. Gibson, Sr., founder of the organization, "other than the man and his financial status, are the community and the location within the town as well as the available parking area.

"If it is a town that has high prices in its retail stores and we can line up the right location, we know that we can get the business," he said.

He added that a potential franchise holder would need a financing source of approximately $200,000 in considering a franchise for a new area.

Watkins Is President

Delmar H. Watkins, president of the new Gibson Discount Center that opens in Canyon today, Thursday, is no stranger to ownership of Gibson Discount Stores.

DELMAR WATKINS

The 37-year-old Watkins also owns a Gibson Discount Store in Pampa and is president of Gibson Discount Center in Borger, and Gibson Discount Center in Hereford. He also heads up Delmar Watkins Prop. Inc., Watkins and Thompson Inc., Murdaugh and Watkins Cattle Company.

Born in Canadian, Okla. in 1930, Watkins attended both elementary and high school there, graduating from Canadian High School in 1948. After four years of service in the United States Air Force, Watkins went on to attend Oklahoma State and North Texas State Universities, where he majored in Business Administration and minored in Accounting.

In 1956 Watkins went to work for National Cash Register Company, working in the Dallas and Amarillo offices for the firm for seven years.

In 1963 Watkins opened his first Gibson Discount Center in Pampa, Store No. 79 of the Gibson chain.

When asked about his future plans, Watkins said, "If the tight money situation doesn't get too bad we will continue to grow with the Gibson organization by opening additional units as financial backing permits."

Watkins and his wife Sandra, a native of Van Alstyne, Tex., live at 1820 Fir in Pampa with their sons, Joe, 12, and Mike, 7.

Parking Is Free

Parking area at Canyon's Gibson Discount Center is measured in acres where some 300 automobiles may be accommodated at one time.

"We realize today's shopper most often prefers to drive to do her shopping. .and she wants convenient parking," says Delmar Watkins, owner of the local Gibson organization.

"When a shopper reaches our store she should find a reasonably convenient place to park. . and it's for free."

This is just a part of the camping equipment on display at Canyon's Gibson's Discount Center which opens today, Thursday. This is a Coleman display but almost any camping need may be found at the discount center.

CHESTER THOMPSON

Thompson Is Gibson Officer

A long-time pharmacist is secretary and treasurer of Gibson Products of Canyon.

Chester Thompson, Pampa pharmacist for several years, is co-owner with Delmar Watkins of Gibson Discount Center of Borger, Gibson Discount Center of Hereford and Watkins and Thompson, Inc., a building company.

Born in Oklahoma in 1904, Thompson has been a pharmacist in Pampa, a department of the Gibson Discount Center owned by Watkins, until 1965 when it was sold to Dean Copeland and Gene Sions.

Thompson and his wife are the parents of two children who now attend Texas Tech in Lubbock.

STOCKING MERCHANDISE at the Gibson's Discount Center that opens here today, Thursday, is Janice Crippen, wife of the general manager of the Gibson store. Also shown is Tommy Davis, head of the hardware department at Gibson's.
